### Solberg Manufacturing, Inc. Celebrates 50<sup>th</sup> Anniversary

April 23, 2018—Itasca, IL— Firmly rooted in a rich tradition of partnering with customers with an ever-expanding future-focused product line, Solberg Manufacturing, Inc. celebrates its 50<sup>th</sup> year in business this year.

Founded in 1968, Solberg has grown from a small, regional private manufacturing company to one of the most recognized brands in the filters, separators and silencing product categories designed specifically for the PD Blower, Regenerative Blower and Pneumatic Conveying industries.

On its golden anniversary, the company is announcing the introduction of the SKP series of standard products available globally – now! Learn about this and the TKO oil and particulate separator over a chill glass of beer!

The Solberg family is extremely proud of embracing the ideal of industrial growth while advocating environmental responsibility. We are committed to providing products and systems that protect mission critical machinery while safeguarding the surrounding environment. We believe these worldwide commitments help better communities, encourage the achievement of our employees and help our customers to succeed.

Looking ahead, Solberg also plans to tap its technology and digital capital to help customers adapt to today's omnichannel marketplace. System optimization, product innovation, and automated fulfillment are just a few of the capabilities that the company is leveraging to help distributors, manufacturers and catalog houses get products where they need to be quickly, cost-effectively and seamlessly.

“For 50 years, Solberg has provided sustainable solutions that help our customers meet the needs of an ever-changing marketplace,” said Solberg VP of Sales & Marketing Clint Browning. “We are continually expanding our resources, refining our services, and evolving to meet the needs of our customers. Today, we’re well positioned to deliver the speed, service and scalability required for effective omnichannel distribution.”

For more information about Solberg’s full line of custom and standard products, join Solberg at the International Powder & Bulk Solids Conference & Exhibition, April 24-26, 2018 at the Donald E. Stephens Convention Center in Rosemont, IL. Solberg will be exhibiting at booth #2315.
